Opebies @Saigado

Hello after a long while, everyone.
Prepping for the Olympics along with
the Corona virus left Comiket in quite a state,
but we've finally been able to calm down
and get back on track.

First, I must start off with a large
announcement. Saigado Maniax, which had
continued for a long time up to MX07,
will be switching to a new brand named "Opebies"
starting with this work. It's a change that
will be accompanied by otokonoko stuff being
split off from the main account onto this one
on Twitter. We look forward to your continued
support.

The concept for this work was simple;
three good friends doing lots of lewd things
together. It's completely different from the
previous book, "Tsubasa-kun to Kakeru-kun",
but this kind of thing is nice sometimes.
I hope you enjoyed it. Let's meet
at my next book. See you then.
